## FISCAL ANALYSIS

### ASSUMPTION

**Oversight** was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Officials at the **Department of Higher Education** assume there is no fiscal impact from this proposal.

Officials at the **State Technical College of Missouri** assumes no impact. They currently require a student to be a Missouri resident and U.S. citizen to get the in-state tuition rate.

Officials at the **Missouri Western State University** does not allow students with unlawful immigration status into the University so this would have no fiscal impact.

**Oversight** notes this proposal would prohibit a public higher education institution from charging the in-state tuition rate to a student with unlawful immigration status. Oversight notes this proposal requires them to pay the international student rate. Oversight assumes this would not have a direct fiscal impact on the colleges and universities.
